

Beddington Cricket Club

Founded in 1863

Subscriptions & Match Fees 2019 - Notes

- **Subscriptions** are held at the same level in 2019 as in 2018 & 2017. **Match fees** are held at the same level as 2018 ie. £9/£6 (Adults/Juniors) whereas they rise to £3 from £2.50 for colts in 2019
- All Subscriptions are due on **1st May** and payable by **31st May** unless otherwise stated eg. payment by Standing Order*, late enrolment**, or ... or for Student membership (payable by 30th June). Failure to pay the appropriate amount by the specified date may result in the player being deemed unavailable for selection.
- It is anticipated that all players joining the club do so with the intention of playing for the full season, excluding Student Members who may, dint of location of study, **start playing after the season commences.**
 - If a member pays his subscription and then is unable to play for a period due to injury or other factors, a refund is not payable.
 - If a member knows of circumstances eg. moving away from the area, whereby he/she cannot play the full season, a pro rata option may be offered

- Arrangements for **payments by standing order***

Standard forms are available for payments in commencing at any time from commencing from December (2018) to a final payment in July.

- It is accepted that there may be situations where it may be deemed that full subscription is not** payable eg.
 - a) late enrolment as a member, or
 - b) 'filling in' when teams are short and no members available';

nevertheless members should appreciate that membership covers access to club facilities eg. nets, and including social aspects, hence this factor is taken into account when determining monies due. Players 'filling in' will be expected to pay the appropriate Social membership if more than four games are played.

In circumstances as described above, but necessarily restricted to those circumstances cited, an arrangement may be made eg.

- pro rata arrangement for members, other than Student Members, joining after 30th June ie. a proportion, not less in total than the current Social Membership will be due.
- It is acknowledged that there may be extenuating circumstances/periods of **hardship** which prevents a member meeting financial obligations. In such circumstances members are invited to liaise with the Treasurer or Chairman to seek a solution.
- Children enrolled as '**All Stars**' may acquire full membership (and social membership for parents) by supplementing the All Stars fee (£50 in 2019) to meet the colts subscription (£99 in 2019)
- BCC is always looking for new members. An incentive is offered of (bar tab) for one or more introductions – once the new member has paid his/her subscription. New members are nominated (and seconded in the case of adult members)
